PROJECT DELIVERY PARTNER

TRUCK & TRANSPORT HYDRAULICS.

New fit-ups, upgrades and breakdown support for tippers, cranes, tilt trays, water carts and bulk tankers. On your site or in our Wingfield workshop, across Adelaide and regional South Australia.

MEGA PACIFIC AUTHORISED INSTALLER | PTO & PUMP FIT-UPS | TIPPER & HOIST SYSTEMS | CONTROLS & RADIO REMOTES | AUTO GREASE | BREAKDOWN & REPAIR

No matter the size of the project, we aim to deliver.

PREPARED FOR

Fleet operators, body builders and transport companies

BASED IN

Wingfield, Adelaide, South Australia

AUSTRALIAN HOSE & HYDRAULICS

TRUCK HYDRAULICS

BUILT RIGHT, FIRST TIME.

Truck hydraulics often get treated as an afterthought. A pump bolted on, a valve plumbed wherever it fits, and a system that works until it doesn't. Then it's downtime, and downtime is money.

We do new fit-ups properly. PTO and pump selection matched to the gearbox and the job, valving and controls specified for how the truck actually gets used, and hose routed and rated to last.

Done on your site or in our Wingfield workshop, whichever keeps the truck earning.

MEGA PACIFIC AUTHORISED INSTALLER

AUTHORISED INSTALLER. GENUINE PRODUCT.

We only do business with companies and products we'd stand by and use ourselves. There's no shortage of suppliers out there, but Interpump Hydraulics and Mega Pacific's local stock, technical knowledge and on-site support are hard to beat. That's exactly what we look for in a supplier.

We're a Mega Pacific authorised installer, fitting genuine Interpump and Mega Pacific product with Taipan hose. Independent, so where the job calls for another brand, we source it.

INTERPUMP HYDRAULICS | MEGA PACIFIC | TAIPAN HOSE | PTOS & PUMPS | HOISTS & CYLINDERS | VALVES & CONTROLS

CORE SERVICES

WHAT WE FIT.

01

NEW FIT-UPS

Complete hydraulic systems from scratch: PTO, pump, valving, tank, controls, hose and plumbing, specified and installed for the application.

02

TIPPER & HOIST SYSTEMS

Underbody, front-of-body and in-well hoists, side tip cylinders, tipping valves and 3-way tip kits.

03

PTO & PUMP INSTALLATION

PTO selection matched to the gearbox: Allison, Eaton, Fuller, Hino, Isuzu, Fuso, UD, Scania, Volvo, ZF and more.

04

CONTROLS & RADIO REMOTES

Air, electric, cable and proportional controls, truck and dog systems, radio remotes and control modules.

05

AUTO GREASE SYSTEMS

Automatic lubrication supply and fit-up, keeping pins, bushes and turntables greased without the walk-around.

06

BREAKDOWN & REPAIR

Truck hydraulic faults diagnosed and fixed on site: pumps, valves, cylinders, controls and hose.

SUPPLY & INSTALL

THE FULL RANGE.

Supplied, fitted and backed by the same people. Specified to the truck and the job, not the catalogue.

DRIVE & POWER

- Power take-offs (PTO)
- Gear & piston pumps
- Hydraulic motors
- Air clutch & split shaft
- Pump adapters

HOISTS & CYLINDERS

- Underbody hoists
- Front of body hoists
- In-well hoists
- Side tip cylinders
- Double acting cylinders

CONTROL

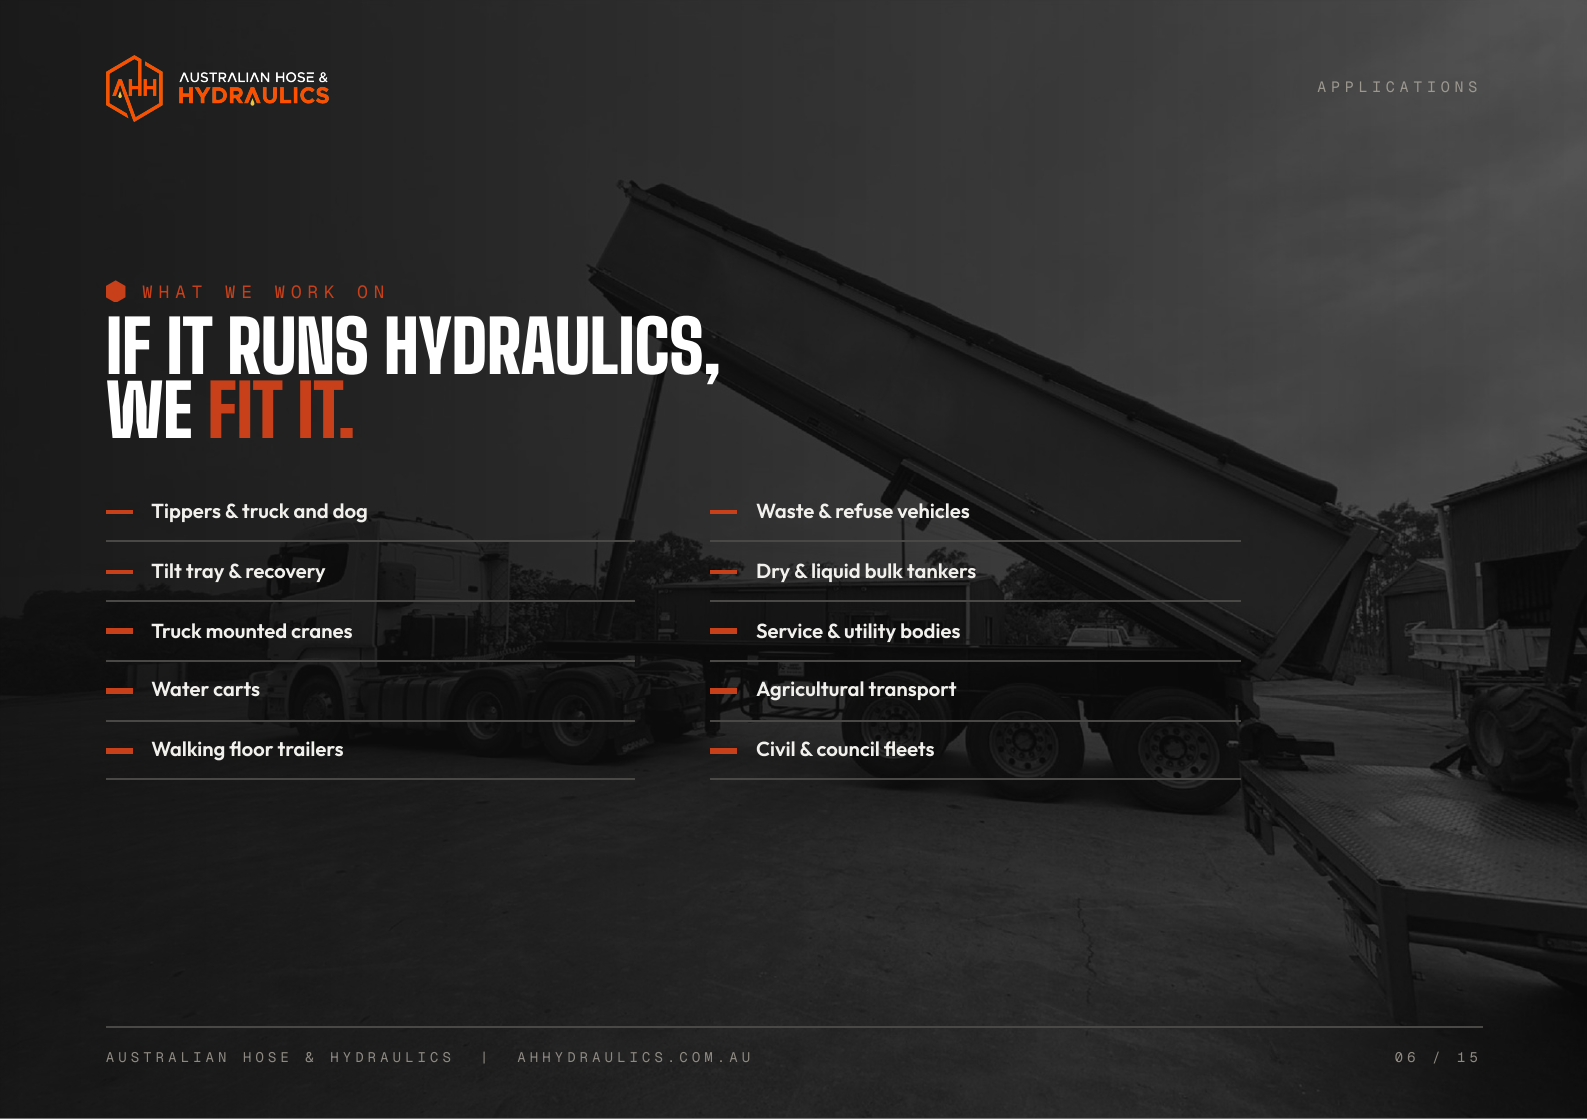

- Tipping valves
- Line mount valves
- Radio remotes
- Air & electric controls
- Truck & dog controls

HOSE & HARDWARE

- Hose & fittings
- Quick release couplings
- Tanks & coolers
- Filtration
- Body hardware

POWER EQUIPMENT

- Winches
- Powerpacks & handpumps
- Compressors & blowers
- High pressure water pumps
- Centrifugal water pumps

WHAT WE WORK ON

IF IT RUNS HYDRAULICS, WE FIT IT.

- Tippers & truck and dog
- Tilt tray & recovery
- Truck mounted cranes
- Water carts
- Walking floor trailers
- Waste & refuse vehicles
- Dry & liquid bulk tankers
- Service & utility bodies
- Agricultural transport
- Civil & council fleets

AUSTRALIAN HOSE & HYDRAULICS

ON SITE OR IN WORKSHOP

YOUR YARD OR OURS.

Two ways to get the job done, and you pick the one that suits the truck. Our mobile workshop does the fit-up in your yard: no transport, no queue, no truck sitting idle somewhere else. Or bring it to our Wingfield workshop for bigger builds and longer scopes.

- Hose manufacture
- PTO & pump fit-up
- Hoist installation
- Auto grease systems
- Valving & controls
- Filtration
- Fault diagnosis
- Pressure & flow testing

ON SITE

- Truck stays in your yard
- No transport cost or delay
- Fitted around your run schedule

IN WORKSHOP

- Full facility for bigger builds
- Controlled, clean fit-up environment
- Complex scopes, start to finish

HOW A FIT-UP RUNS

SPEC TO HANDOVER.

01
SCOPE THE JOB
What the truck does, what it tows, how hard it works. The spec follows the application, not a catalogue page.

02
MATCH THE SYSTEM
PTO to the gearbox, pump to the duty, valving and controls to the operator.

03
SUPPLY
Genuine Interpump and Mega Pacific product, plus Taipan hose, all matched and quality tested.

04
FIT-UP
Your site or our workshop. Plumbed and routed properly, clamped and protected to last.

05
TEST & COMMISSION
Pressure and flow verified, controls set, system run under load before handover.

06
ONGOING SUPPORT
Servicing, repairs and upgrades, from the same people who fitted it.

WHY AUSTRALIAN HOSE & HYDRAULICS

WHY US.

MEGA PACIFIC AUTHORISED INSTALLER

Genuine Interpump and Mega Pacific product fitted to the manufacturer's standard, with matched, quality tested Taipan hose.

WE ONLY SUPPLY WHAT WE STAND BEHIND

Anyone can sell you a fitting. We back what we fit.

TRADE-QUALIFIED, MINING-STANDARD

15+ years in hydraulics and a decade FIFO on major sites behind the business. The standard doesn't drop because it's a truck.

SOUTH AUSTRALIAN OWNED AND OPERATED

Independent: not a franchise, not owned interstate. The people who own it are the people doing your job.

FROM THE FLOOR

RECENT FIT-UPS.

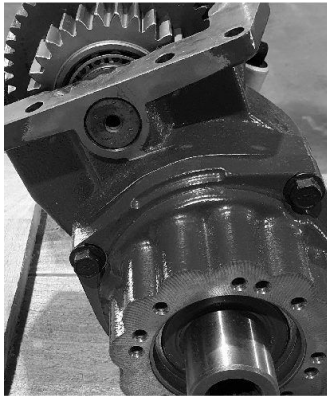

WORKSHOP FIT-UP

Kenworth prepped and ready for the road.

TIPPING VALVE INSTALL

L/R control bank plumbed and labelled.

COMPONENT REBUILD

PTO gearbox reconditioned in the workshop.

ON-SITE FIT-UP

Chassis-mounted PTO installed in the field.

WHY ADELAIDE

BUILT ON FIFO STANDARDS, BROUGHT HOME.

EARNED, NOT ASSUMED

Founded by John Stephens, a trade-qualified Mechanical Fitter with 15+ years in hydraulics and over a decade FIFO on major sites, including extensive experience at BHP Olympic Dam.

BUSINESS OWNER

John has started, grown and sold a hydraulics business before. AHH is built on that experience, and the people who own the business back every job.

THE WINGFIELD BASE

Our Wingfield workshop is the staging point for local, remote and outback work, with a drive-through bay, clean diagnostics area, fabrication and a trade counter.

OUR POSITION

INDEPENDENT BY DESIGN.

SOUTH AUSTRALIAN
OWNED & OPERATED

Much of this industry runs through corporate and private equity-owned networks, built to hit margin targets, not site productivity. AHH is South Australian owned and operated. The people who own this business are the people backing your job.

We're not tied to a franchise or a single product line. We source from a wide range of vendors, with access to all major hydraulic manufacturers and OEMs nationally and internationally, and we only supply components, and work with partners, that we stand behind.

That independence lets us spec what genuinely suits the application and coordinate supply on your behalf, without a conflict of interest.

SAFETY & QUALITY

HELD TO THE STANDARD.

Safety and quality aren't a policy on a shelf. They're how the work gets done. AHH operates documented QHSE systems covering quality, health and safety, and the environment, applied on every job and aligned to each site's requirements.

QUALITY

Work delivered to a consistent, documented standard. QC packages supplied as required.

HEALTH & SAFETY

Everyone home safe. SWMS, JSAs and risk assessments drive how we plan and execute.

ENVIRONMENT

Contamination control and responsible handling of oils and lubricants built into the method.

SITE REQUIREMENTS

Aligned to the hydraulic, engineering and HSE standards of each site.

FULLY INSURED **Public liability** **Professional indemnity** **Motor vehicle**

Certificates of currency available on request.

SITE MOBILISATION

READY TO INDUCT. READY TO WORK.

CREW TICKETS

- ✓ Trade-qualified personnel
- ✓ HR licence
- ✓ Forklift licence
- ✓ Working at heights
- ✓ Confined space
- ✓ White card

INSURED

- ✓ Public liability
- ✓ Professional indemnity
- ✓ Motor vehicle
- ✓ Certificates of currency on request

SYSTEMS & GEAR

- ✓ Documented QHSE systems
- ✓ SWMS, JSAs and risk assessments
- ✓ QC packages as required
- ✓ NATA-calibrated test equipment
- ✓ Non-welded tube connections (no hot work)
- ✓ Mine site compliant vehicle and trailer

AVAILABILITY Subject to other works. We can often mobilise quickly and work in with your requirements.

LET'S WORK TOGETHER

LET'S BUILD A LONG-TERM PARTNERSHIP.

OUR MISSION

Hire the best, train the best, retain the best, and earn our reputation as the best. The best outcomes are achieved together. Through great people, strong partnerships and continuous improvement, we help clients deliver safer, more reliable and production-ready systems.

PROJECT DELIVERY PARTNER

No matter the size of the project, we aim to deliver.
